## Recommended/Standard Immunization Schedule

2 Months	4 Months	6 Months	12 Months	15 Months	18 Months
Hepatitis B	Hepatitis B	Hepatitis B	Heptaitis A	DTaP	Hepatitis A
Pentacel *	Pentacel*	Pentacel*	MMR	Hib	
Pevnar	Pevnar	Pevnar	Pevnar		
Rota	Rota	Rota	Varicella		
		Influenza	Influenza (yearly)		

\*Pentacel is a combination vaccine that includes DTaP, Hib, and Polio.

There are no routine vaccines between 18 months and 4 years of age, only catch-up vaccines if child is on a non-standard schedule.

Infant acetaminophen: your pediatrician will advise you on dosage at the time of your visit.
